

Dear Church.

It is finally here...our "Family Worship Service On the Lawn". We couldn't be more thrilled! However, we recognize that COVID has shifted the way we can do things, so before we gather this Sunday @10am there are a few things we want to highlight.

Online Sunday Service this week at 11am:

We realize that for a variety of reasons, there are many of you that are unable or do not feel comfortable jumping back in just yet. We got you! For this reason, we will continue to air our online service. **Please note that for this week only... the online time is shifting to 11am instead of 10am.** You are still able to watch via YouTube or our FB live premiere. This will enable us to go live on FB at 10am with highlights from our worship time together at our gathering.

Our online presence every Sunday will continue for the foreseen future even as we begin to meet again on a regular basis. This will include resources for parents and kids.

Sunday's Worship on the Lawn:

For those of you able to join us this Sunday, Worship will **kick off at 10am**. It is important to us that you know we have read and will be abiding by the guidelines given to us for outdoor church gatherings. This will include social distancing, so even though we will have a large tent, we strongly encourage you to bring pop-up tents if you have them as well as chairs or blankets. This will help us spread families out accordingly. Bring a mask, and as hard as it will be, avoid hugging and "our famous" Eastside high - fives and fist bumps. You can be certain smiles will still be present even if covered!

Food trucks will be available after service to purchase food and drinks. We are confident that if we are all diligent to abide by the guidelines it can and will be a fun, safe, encouraging, and joy filled time for everyone.

Please arrive early so that we can get everyone a spot before we start.

We also are continuing to collect donations of hygiene products for Hope Vibes(see list of items following this email). Collection boxes will be available at this time.

Future Gatherings:

We are working and planning diligently to begin gathering again weekly, to include Thrive Groups. **Important information will go out next week regarding our re-launch service.** Stay tuned to your email so you don't miss out as things will shift a bit from what used to be our norm.

Church, our hearts are truly singing the words of David in Psalm 122, "I was glad when they said to me, 'Let us go to the house of the Lord.'" We are glad. We are thankful. Please let us know if you have any questions. We continue to pray and trust the Father for His perfect will and plan to be established in each of our lives and in His church.

We love you.
